

# MIKE & GINA LACSAMANA

The Lacsamana family has a long history of ministry and service in the United Pentecostal Church. They are veteran church planters in the Philippines and the United States. They have recognized the great need to reach the estimated 4-6 Million Filipino people now residing in the US and Canada. They have answered the call to serve as Multicultural Missionaries in North America, to partner with local churches to evangelize the Filipino Community. They will travel on assignment to North America to assist local churches in evangelizing the Filipino community. Your financial partnership will be a blessing.
